Goldie’s Gang Golf Tournament

Dan Goldring and Jessica Haider fulfilled their community service project for SPT 4850 at the Goldie’s Gang Golf Tournament on Friday, May 20, 2011. They helped supervise the silent auction during the morning and moved to the course in the afternoon where they monitored a hole-one-one contest. Both students have completed internships and have volunteered for various other events. It was evident that they feel comfortable in these settings and took advantage of the networking opportunity!

Sun Sentinel Reports

The May 23, 2011 Money Section reported that only 30.7% of graduating seniors without internship experience received a job offer after graduating compared to 42.3% among those with an internship. These stats are from the National Association of Colleges and Employers. Median salaries were $34,601 for the non-internship group vs. $45,301 for the group with internships! If a new graduate wishes to attain a job, he or she really needs to display relevant work experience.
