M.S. in Real Estate Development

Real estate markets are complex and constantly evolving. Successful leaders must understand all facets of commercial real estate and foresee opportunities that are financially, socially, and environmentally sustainable.

NSU's M.S. in Real Estate Development (M.S.R.E.D.) program is one of the most comprehensive in the country. Unlike M.B.A. degrees that offer real estate concentrations, NSU's M.S.R.E.D. is focused exclusively on core real estate development courses, real world learning, and projects that develop the industry's future leaders.

The M.S.R.E.D. program prepares graduates to undertake responsibility in development, management, investment, and sales and marketing firms. Graduates enter the industry as emerging leaders knowing how to locate and analyze the diverse aspects of real estate from legal, economic, and financial considerations to political and regulatory requirements. Classes, in-field case studies, and real-world projects from noted professionals focus on providing hands-on applications of practical knowledge that can be immediately used.

Real Estate Development

MASTER OF SCIENCE

Terry W. Stiles School of Real Estate Development

2021–2022 Curriculum

Terry W. Stiles School of Real Estate Development

The Terry W. Stiles School of Real Estate Development was formed to honor the memory and the legacy of Terry W. Stiles, a visionary real estate developer and Broward County business leader. Stiles was instrumental in developing the curriculum; served as a member of the M.S.R.E.D. Advisory Board; and regularly participated in program related events, classes, site tours, competitions, and guest lectures. He also provided ongoing guidance and financial support to the program. A permanent endowment fund has been created to be used for scholarships and will be awarded to top-performing students in the Master of Science in Real Estate Development Program.
