NSU POTENTIAL HOST FOR NCAA REGIONAL

The host for the NCAA Regional Basketball Tournament was still undecided at “press” time. However, we wanted our readers to know of this great opportunity if the bid placed by NSU is indeed awarded. If you are interested, please contact Kelly Kish by Noon on Monday, March 11, 2013.

Here is the message from Kelly Kish:

We have bid to host the NCAA Women's Basketball South Regional with games to be played on Friday, 3/15, Saturday, 3/16 and Monday 3/18.

I am sending this to you to recruit students to serve as Team Hosts throughout the tournament.

Their duties would be:

- Meet the team at their assigned practice time (in UC Arena) on Thursday, 3/14: there is some flexibility for assignment of teams based on their practice times and volunteer class schedules, etc. that day. The time commitment on this day is approximately 10 minutes

- Attend team games and check in with them throughout the weekend

- Serve as their host to help them with anything about their time in Fort Lauderdale - restaurant suggestions, campus/local directions, etc.

Some of the teams that may come would be from the Sunshine State Conference and would not require much from their host. For other schools, this may be their first time to NSU.

We would need between 5-7 hosts.

It would be a great way for students to interact with coaches and administrators from around the region and build their resume!

If you have any questions between now and then, please let me know.

Thank you,

Kelley Kish

SAMANTHA HIGH
NSU ATHLETICS MARKETING INTERN

We salute Samantha High, an undergraduate from the H. Wayne Huizenga School of Business and Entrepreneurship, for doing a great job the first 8 weeks of the term. She not only helps out in the office but also is involved in Game Day Promotions for basketball, baseball and softball. She is also learning about Event Planning. Keep up the good work, Samantha!
We just posted a Database Manager position, this is a new position added to our Ticket Office staff. This position has a pretty specific skill set so I thought I would reach out to other teams to see if anyone has any referrals. To summarize, this person will be responsible for maximizing efficient use of the data contained in our various databases, developing marketing plans to drive ticket sales and tracking ROI on promotional efforts. I am hoping that maybe someone has had a strong intern in a similar role who is in the job market. The position is posted on Vikings.com and also on Teamworks. If you have a referral please feel free to have them contact me directly – email: larsonl@vikings.nfl.net and phone: 952-828-6538.
