CHRISTINA CHUBB SPEAKS TO SPT 3150

Despite a very busy weekend at the NSU Arena at the Don Taft University Center, Christina Chub, who serves as the Facility Event Manager, took time out to talk to the students in the Facility and Event Class on March 19, 2013.

It wasn’t that long ago when Christina was playing volleyball for the Sharks and sitting in the same classrooms as today’s students. She majored in Sport and Recreation Management. During her senior year she saw a posting for an Event Coordinator’s job at the new arena and was hired!

Her job is quite varied and involves more than just sporting events. The NSU Arena has hosted concerts, banquets, graduations and even boxing matches! Christina stressed the importance of being organized and using check lists as the event develops.

Check out the photo below with Christina in the back center row (long blonde hair) among some of the students enrolled in the class.
