Don’t Forget RECREATION!

We seem to focus so much on the “sports” portion of our undergraduate degree, but don’t forget the importance and numerous opportunities in “recreation.”

We can start with NSU Campus Recreation and our state-of-the-art RecPlex at the University Center. A practicum at the RecPlex is a great way to start adding experience to your resume.

Over the last two years SPT students have done practicums and internships with the Town of Davie, City of Hollywood and City of Hialeah Departments of Parks and Recreation. “Baby Boomers” are demanding opportunities and services for their active lifestyles. There are 78 million of these boomers who were born between 1946 and 1964. They are running, walking, swimming and using exercise machines. Recreation specialists are needed to support them and other segments of our population for years to come!
